

## Registration and Fees

- **Membership:** development of 3G Driver's Club Pending. Information posted soon.
- **Registration:** The registration fee for a track event is in a range from \$200 - \$400 per day, depending on the track, for a solo-qualified driver. We accept a limited number of cars and drivers for each event, which permits us to offer more track time with fewer run groups.
- **Test and Tune Events** are a minimum of \$350 per day (as determined by site and participant numbers desired, etc) and are only available to Advanced Drivers. Test and Tune events are capped at a maximum of 50 participants allowing optimum track time!
- **Instruction:** A novice driver is required to have an instructor. A \$75 daily instructor fee is applicable, which provides for an expert in-car instructor throughout the day. A provisional driver is required to have an instructor in the opening session. A one time instructor fee of \$25 is applicable. Our instructors offer coaching on advanced driving skills, track etiquette, and safety. A driver that has already been solo-qualified is exempt from the instructor requirement. Novice driver registration is limited in each event.
- **One Car, Two Drivers:**
  - Co-drivers are welcome, sharing a car in the same run group.
  - A 2nd driver can be added to any primary registration for an additional \$80 daily.
  - NOTE: 2 drivers sharing a car in 2 different run groups require 2 registration slots.
- **Two Cars, One Driver:** A primary driver may add a second car to the same registration for \$60/ day. This permits the driver to swap cars as desired. (Co-driver not permitted with 2nd car registration)
- **Passengers:** Passengers can participate in our events by registering at the track and purchasing a passenger 'pass' for \$30. Passengers must be at least 18 years old. Passengers are permitted to ride only with solo-qualified drivers.
- **Advanced Driver Coaching with Professional Drivers Available-** fees vary. See registration form for details.
- **Track Side Support-**
  - Full Support- Contact 3G for price quotes
  - Partial Support- Contact 3G for price quotes
  - Unplanned support/ at track repair- subject to per hour track labor rate plus parts (this support is available when conditions allow. If a situation arises please see 3G personnel for availability.)

## Cancellation/refund policy

- If you cancel 30+ days before the event, your track fees will be refunded in full.
- If you cancel 14 to 29 days before the event, a \$100 cancellation fee is applicable. The balance of your fees will be refunded.
- If you cancel 13 to 10 days before the event, a full half of you registration will be refunded.
- If you cancel 9 days or less before the event, or NO-SHOW on the event date, your track fees are forfeited. A refund or credit is not available.
- Credit for future events is not available. Refunds will be made as described above.

## NO EXCEPTIONS

- **Billing** - For security reasons, **3G Motorsports does not store credit card numbers in our database.** Each transaction requires inputting your CC #.

Dependent upon the track and event type, various formats and schedules are utilized.

Two run groups are designated.

- ◇ Group One includes novice drivers (instructor required), along with provisional solo drivers (instructor required for opening session). Passing is permitted with a signal. NO PASSING without a signal, NO PASSING in turns. Provisional drivers with 3G instructor OK may be provided the option to run with group two instead.
- ◇ Group Two includes advanced drivers, and instructors, as well as some approved provisional drivers. Passing is permitted anywhere.

For the novice category, signals are required. In the advanced group passing zones are unrestricted. At selected venues, **lunch** options are available.

(For Lunch Details see individual registration information at time of registration.)

3G Motorsports offers full track side assistance to participants who register for that service ahead of time. See specifics in registration and fees section.

---

**Driver Classifications:** All drivers are assigned to a category based on experience.

- **Novice:** an entry level driver that has minimal acquired experience on road courses. An expert instructor is assigned to provide coaching. Regardless of other experience, without road course experience, a driver will still be classified as novice, and an instructor is required.
- **Provisional:** This is appropriate for drivers with experience, that have soloed with other groups or at other tracks in the past. If it is your first event with 3G, then one of our instructors will accompany you as a passenger in the opening session. You should already have excellent command of all the fundamentals of safe road course driving. Upon the successful completion of the check-out ride, you will receive a solo qualification.
- **Advanced:** Drivers with years of road course experience. Drivers in this category have extensive track time and experience, and have driven at numerous different tracks.

# 3G Motorsports Inc. Event Registration

This form must be accompanied by payment of track fees. Additionally, the participant must have a signed event liability waiver at trackside registration. Each participant must complete a registration form prior to taking the track.

The person named wishes to participate as a driver or passenger in "3G Motorsports Inc Day" at the Track Venue named above. The participant understands that high-speed driving events have inherent risks that cannot be foreseen or eliminated no matter how experienced the driver is, or how well the car is prepared for such an event. Although driving and safety guidelines are reviewed with all participants, the event organizers have no direct control over individual driver behavior on the track. Accidents or collisions with other vehicles may result in death, permanent injury, or disability. Causes of accidents include but are not limited to equipment failure, changing track conditions, driver error, or negligence on the part of the driver or other drivers and their vehicles on the track. The driver agrees to follow the track driving rules and guidelines outlined in the mandatory driver's meeting and in the event description. The driver has prepared his car mechanically for high-speed performance driving and is aware that equipment failure may result in death or injury. By signing below the participant accepts the risks inherent in a driving event. The participant and his/her heirs release the owners of Track Event Venue, 3G Motorsports Inc., event organizers and track officials from all liability arising from the event.
